Dear Mayor Hidalgo

I am writing in friendship from the City of York, to offer condolences on behalf the Council and the Citizens of City of York.

As with citizens from across the world, we were shocked and saddened to watch the events in Paris on Friday evening unfold in the media.

We stand, with everyone in Europe and the rest of the world, in solidarity with you, against the violence and those who have carried out these senseless killings.

At the same time, it has been heart-warming to see the signs of solidarity, both on social media and in locations throughout the world, against the terrible and violent attacks on your wonderful city.

We share our thoughts and prayers with you all in the City of Paris.

Yours sincerely

Councillor Sonja Crisp
The Rt Hon The Lord Mayor of York

Madame Mayor, Anne Hidalgo
Mayor of Paris
